The following is an examiner's statement of reasons for allowance: The prior art of record does not teach or suggest all of the limitations of the allowed claims. The cited references are considered relevant to applicant's disclosure as disclosing the pressing of bumps through a layer of encapsulant; however, the references do not teach or suggest all of the limitations of the allowed claims, for example the limitations of the extension-portion forming member for forming the contact area increasing portion.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
